Makarska Riviera

In Kroatien, im schönsten Teil der Adria, im Herzen Dalmatiens, zwischen Split und Dubrovnik, befindet sich die Makarska Riviera.

Rund sechzig Kilometer zahmer Wälder und sonnegebadeter weißer Kieselstrandstränge haben die fleißigen Fischer in eine wunderschöne Perlenkette auf den Schultern des majestätischen Berges Biokovo verwandelt.

Über Straße, Luft und See leicht erreichbare, malerische Orte mit gemütlichen Familienhäusern, Hotels, Camps und Häfen, Wirtshäusern und Restaurants sind der perfekte Zufluchtsort für die Flucht aus dem Alltag und das sorglose Genießen auf den von grünen Pinien umrandeten Stränden, in den Geschenken des Meeres, in den Gärten, Oliven- und Weingärten, den Kulturgütern und den interessanten Ereignissen, Ausflügen und romantischen Sonnenuntergängen. Körper und Seele beleben sich hier leicht wieder; im Meer und auf den Spielplätzen, im Wellness-Angebot und den Wander- und Fahrradwegen durch die wunderschöne Landschaft voll von Pflanzen und einem leichten Mittelmeerklima, welches die Mischung aus Berg- und Meeresluft unaufhörlich mit Sauerstoff und Gesundheit bereichert.

Willkommen an der Makarska Riviera! Überzeugen Sie sich, wieso so viele zu ihr gerne zurückkehren, sie als ihr zweites Heim ansehen und über sie als den Himmel auf Erden denken!

In Croazia, nelle regione più belle dell'Adriatico, nel cuore della Dalmazia, tra Spalato e Dubrovnik, c'è Riviera di Makarska.

Pescatori e contadini hanno trasformato sessanta chilometri di dolci boschi e spiagge bianche di ghiaia baciata dal sole, in una splendida collina alle spalle della magnifica montagna di Biokovo.

Pittoreschi villaggi raggiungibili facilmente sia in auto che in aereo o via mare offrono abitazioni familiari, alberghi, aree di campeggio, taverne e ristoranti. Essi sono il rifugio ideale per sfuggire alla monotonia della quotidianità e per abbandonarsi al totale relax grazie alle loro magnifiche spiagge circondate da scogli. Altro panorama è quello più interno sul quale riversano distese di vigneti, oliveti e giardini dai quali ammirare bellissimi tramonti cogliendo la piena essenza del proprio spirito.

Oltre allo splendido mare, contribuiscono al benessere per il corpo anche le strutture sportive quali campi da gioco, centri wellness e piste da trekking o ciclismo che attraversano lo splendido paesaggio ricco di natura e dal clima mediterraneo, respirando aria marina e di montagna che purifica la mente.

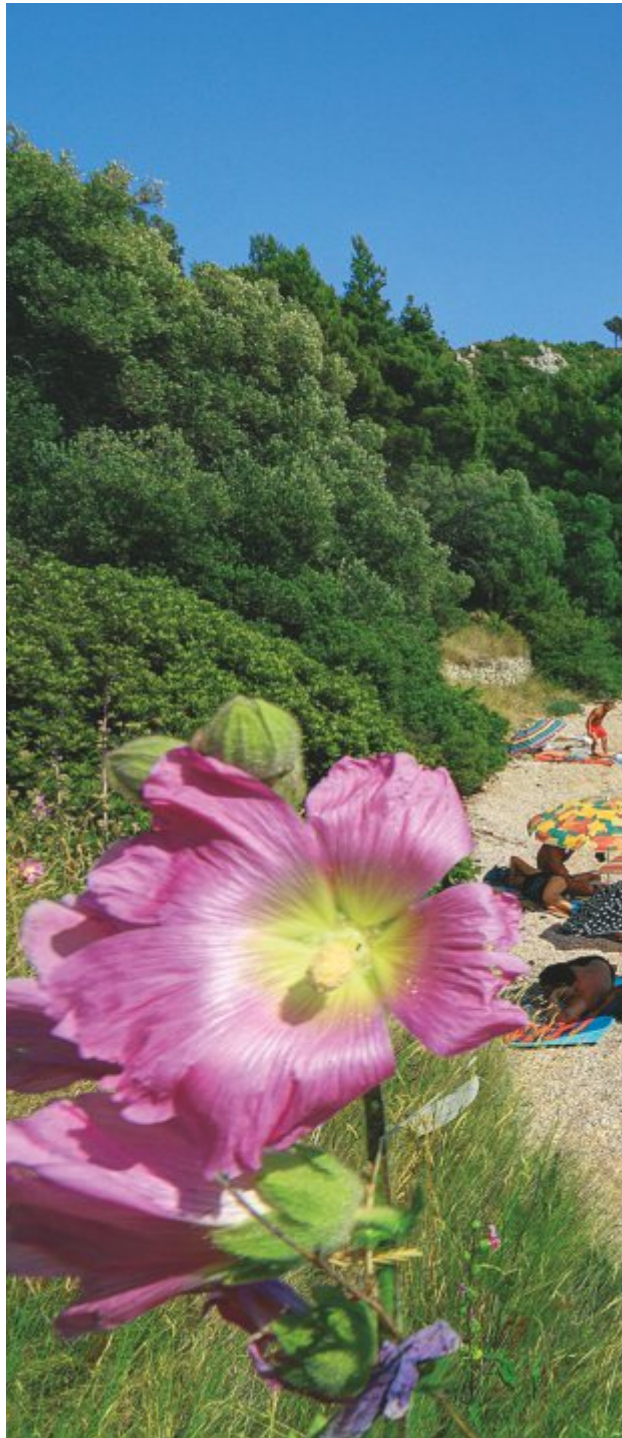

Benvenuti sulla Riviera di Makarska! Venite a vedere voi stessi perché molti tornano qui chiamandola la loro seconda casa e il paradiso sulla Terra!

En Croatie, dans la plus belle partie de la mer Adriatique, dans le cœur de la Dalmatie, entre Split et Dubrovnik se trouve la côte de Makarska.

Une soixantaine de kilomètres des bosquets et douces plages de sable blanc ensoleillées, les pêcheurs et les agriculteurs assidus ont transformé en un collier merveilleux sur les épaules de la montagne magnifique de Biokovo.

Les endroits pittoresques facilement accessibles par voie routière, aérienne ou maritime, avec des maisons familiales confortables, des hôtels, des camps et des ports, des tavernes et des restaurants, sont un refuge idéal pour échapper à la vie quotidienne et tranquillement profiter des plages bordées de pins verts, des fruits de mer, des jardins, des champs d'oliviers et de vignes, du patrimoine culturel et des événements intéressants, des excursions et des couchers de soleil romantiques. Le corps et l'esprit se renouvellent ici facilement; dans la mer et aux terrains de jeux, dans les centres de bien-être et sur des sentiers pédestres et des pistes cyclables à travers le paysage magnifique plein d'herbes du climat doux méditerranéen qui enrichissent constamment en oxygène et de la santé ce mélange de l'air de la montagne et de la mer.

Bienvenue à la côte de Makarska, veuillez vous convaincre pourquoi de nombreuses personnes y reviennent et l'appellent leur deuxième maison et le paradis sur terre!

U Hrvatskoj, na najljepšem dijelu Jadrana, u srcu Dalmacije, između Splita i Dubrovnika, nalazi se Makarska rivijera.

Šezdesetak kilometara pitomih gajeva i Suncem okupanih bijelih šljunčanih plaža, vrijedni ribari i težaci pretvorili su u predivnu ogrlicu na ramenima veličanstvene planine Biokovo.

Cestom, zrakom i morem lako dostupna slikovita mjesta s udobnim obiteljskim kućama, hotelima, kampovima i lukama, konobama i restoranima, savršena su utočišta za bijeg od svakodnevnice i bezbrižno uživanje na plažama obrubljenim zelenim borovima, u darovima mora, vrtova, maslinika i vinograda, kulturnoj baštini i zanimljivim događanjima, izletima i romantičnim zalascima. Tijelo i duh ovdje se lako obnavljaju; u moru i na igralištima, u wellness centrima i na pješačkim i biciklističkim stazama kroz prelijepi krajolik pun bilja blagoga mediteranskoga podneblja, koje mješavinu planinskoga i morskoga zraka neprestano obogaćuje kisikom i zdravljem.

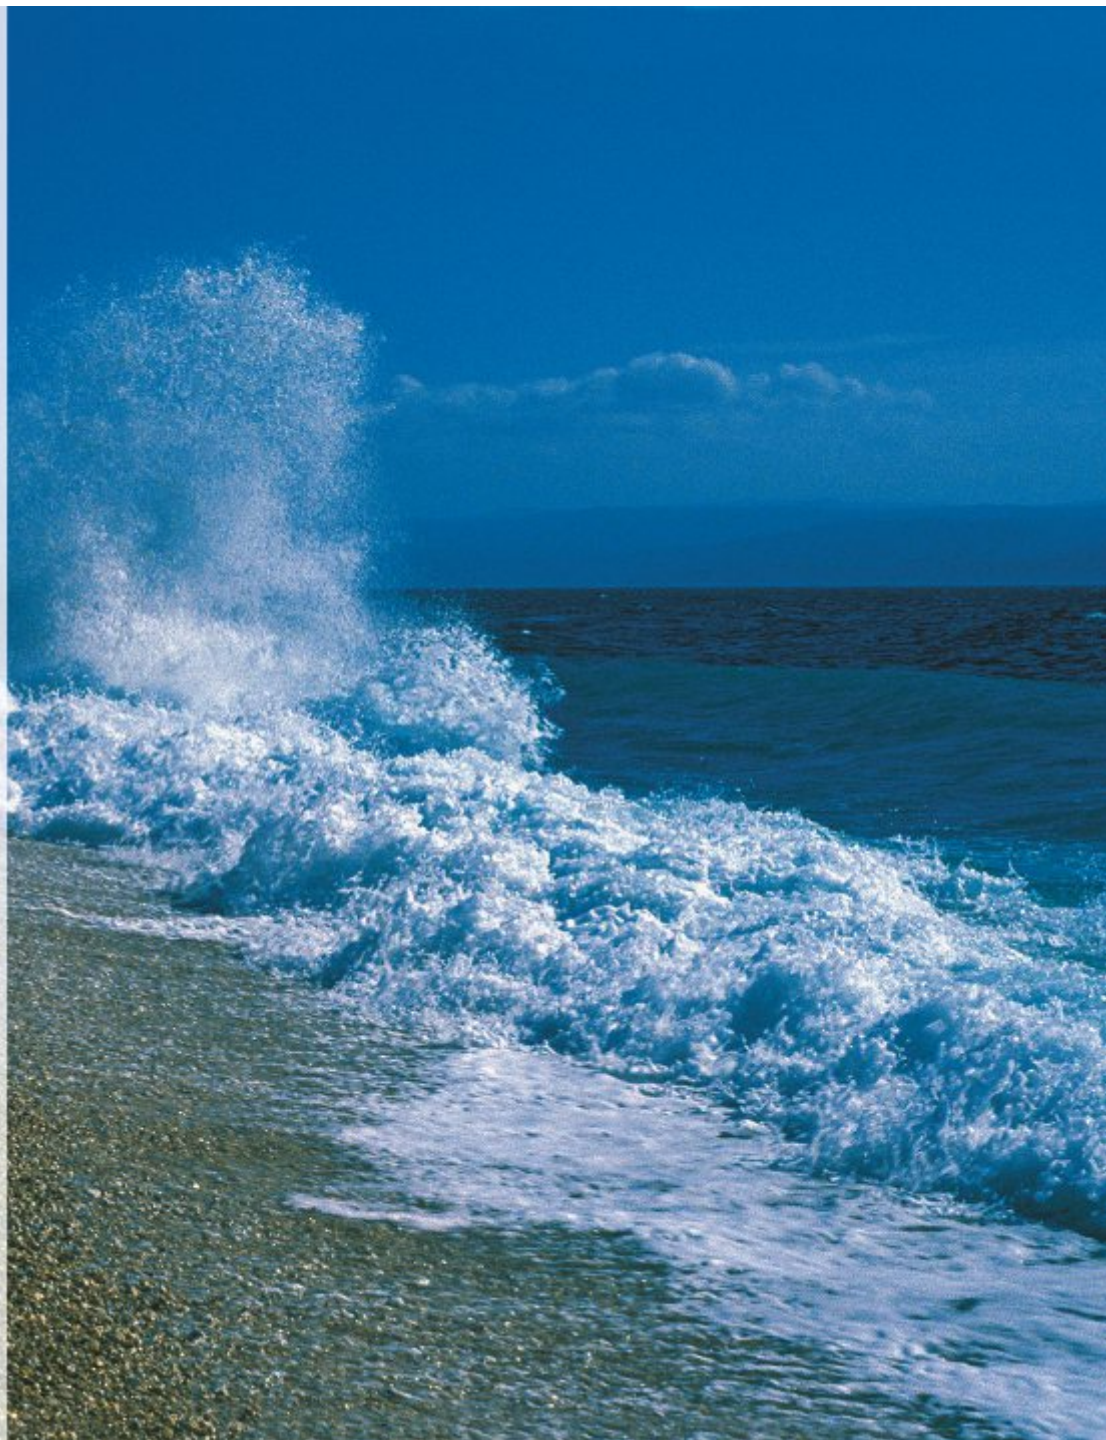

Dobro došli na Makarsku rivijeru i uvjerite se zašto joj se mnogi rado vraćaju, nazivaju je svojim drugim domom i rajem na Zemlji!

In Croatia, in the heart of Dalmatia and the most beautiful part of the Adriatic, nestled between Split and Dubrovnik, the famous Riviera of Makarska is located.

Here, hardworking fishermen and farmers have turned sixty kilometers of gentle groves and sun-bathed white pebble beaches into a beautiful necklace draped on the shoulders of the magnificent Biokovo Mountain.

Easily accessible either by road, air or sea, picturesque villages with comfortable family houses, hotels, campsites and ports, taverns and restaurants, create a perfect haven to escape from the demands of everyday life and to offer carefree moments on the beaches that are bordered by green pine trees, the fruit of the sea, gardens, olive groves and vineyards, as well as a panoply of cultural heritage and interesting events, excursions and romantic sunsets. Both body and spirit are easily refreshed in this magic place: in the sea and on the playgrounds, in wellness centers and on the hiking and biking trails that stretch through a beautiful landscape full of the herbs of the mild Mediterranean climate, which, with the mixture of mountain and sea air, constantly provides fresh air and a healthful environment.

Welcome to Riviera of Makarska and see for yourself why many come back here and call it their second home and their paradise on Earth!

Preporučuje se predbilježiti smještaj prije dolaska u turističko mjesto (osobna sigurnost, bolja kvaliteta, bolji odnos vrijednosti za novac itd), ili se po dolasku javite u jednu od turističkih agencija. Ne preporučuje se smještaj tražiti na ulici u turističkom mjestu (niža osobna sigurnost, niža kvaliteta, lošija „vrijednost za novac“ itd).

It is recommended to book an accommodation before your arrival in the tourist resort (personal security, better quality, better „value for money“ etc). It is also recommended to ask for it in some of the local tourist agencies. It is not recommended to take the accommodation offered on the street in the tourist resort (personal insecurity, lower quality, low „value for money“ etc).
